

Materials Required

Scissors

Glue stick

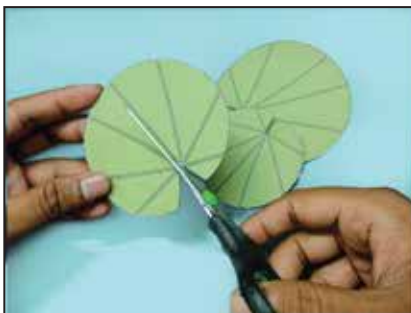

Blue/White Chart Paper

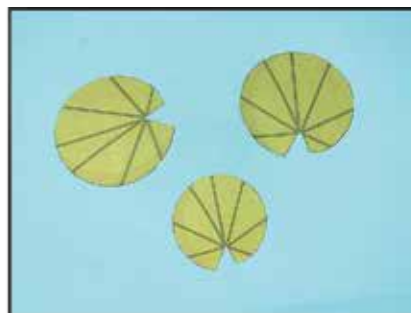

Double-sided tape

Steps to follow: Crafting leaves

1. Cut out all the leaves on page 3.

2. Paste it on the chart paper as given in the picture.

Steps to follow: Crafting flowers

1. Cut out all the flower shapes on page 4.

2. Cut along each petal line and stop when you reach the centre.

3. Stick the smaller cutouts on the large flower cutout with the help of a small double-sided tape.

4. Repeat the same for the other flowers.

5. Paste the flowers on the chart paper as shown in the picture.

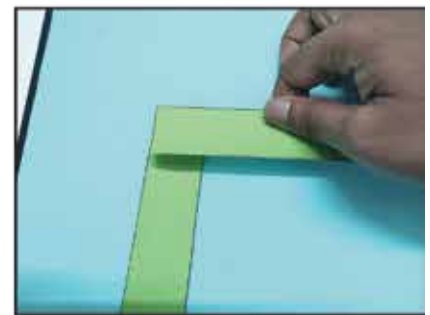

Steps to follow: Crafting frogs

1. Cut out all the shapes given for making the frogs.

2. Take two green strips and glue them together so that both sides are green. Repeat to get another similar one.

3. Take the two green strips and glue one strip to the other, as shown in the picture.

4. Take the strip at the bottom and fold it over the strip at the top.

5. Repeat the folding steps until you reach the end of the strips. Glue the strip in the last fold. Cut off excess paper.

6. Glue the body of the frog to the cut outs of the hands and legs as given in the picture.

7. Take one small green strip and stick it to the body of the frog as given in the picture.

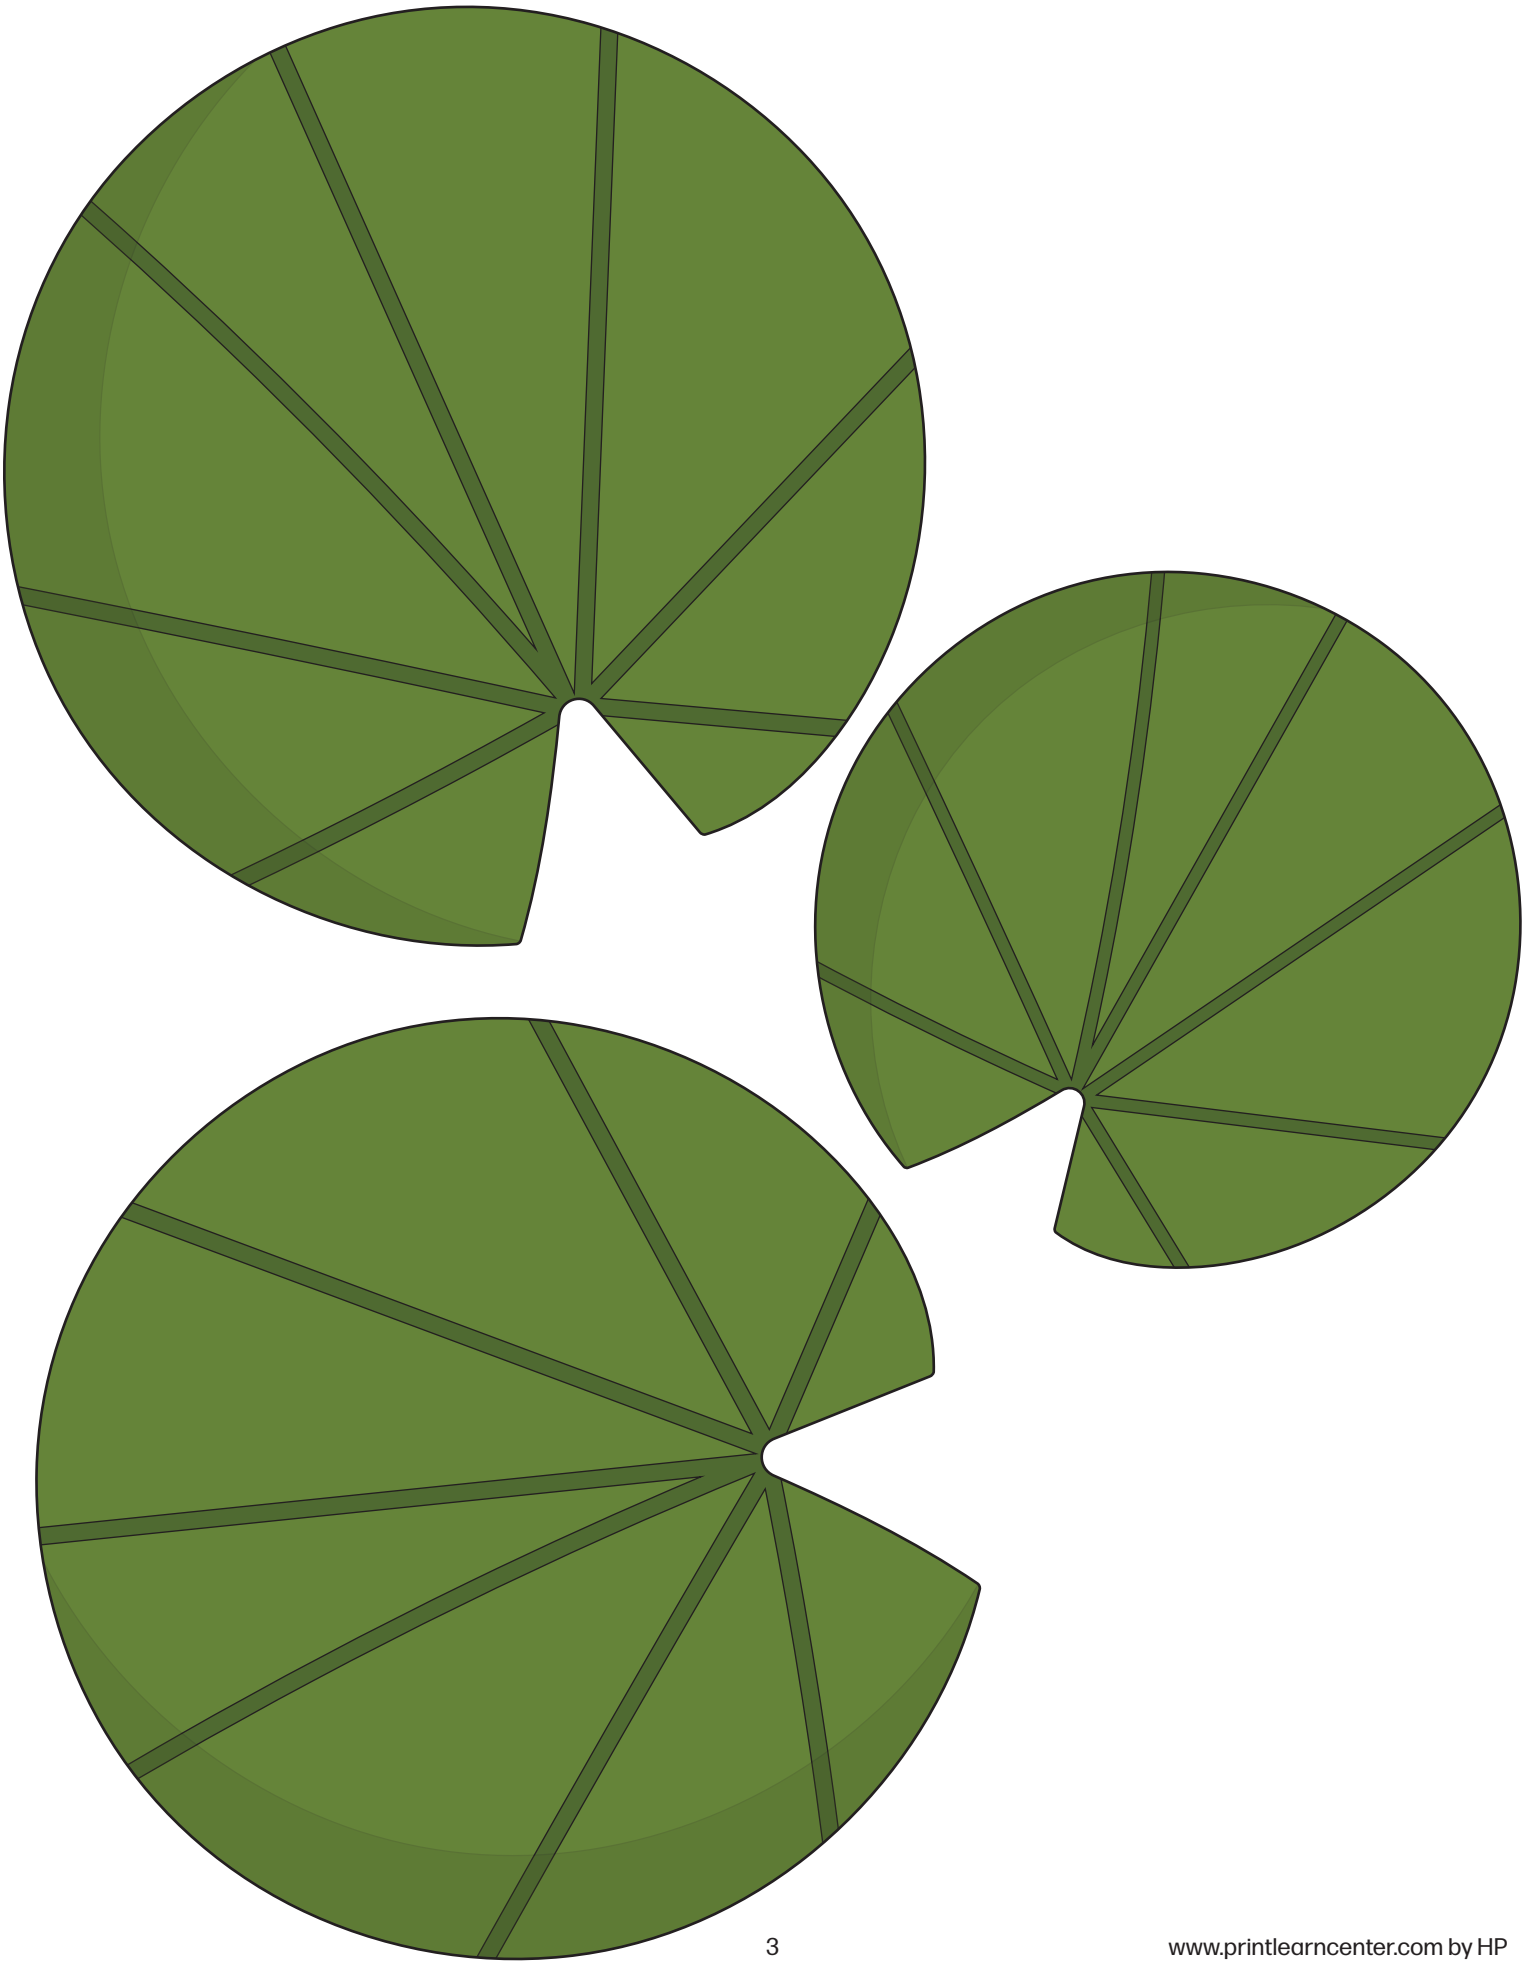

8. Stick eyes on the face and attach the frog's head to the body.

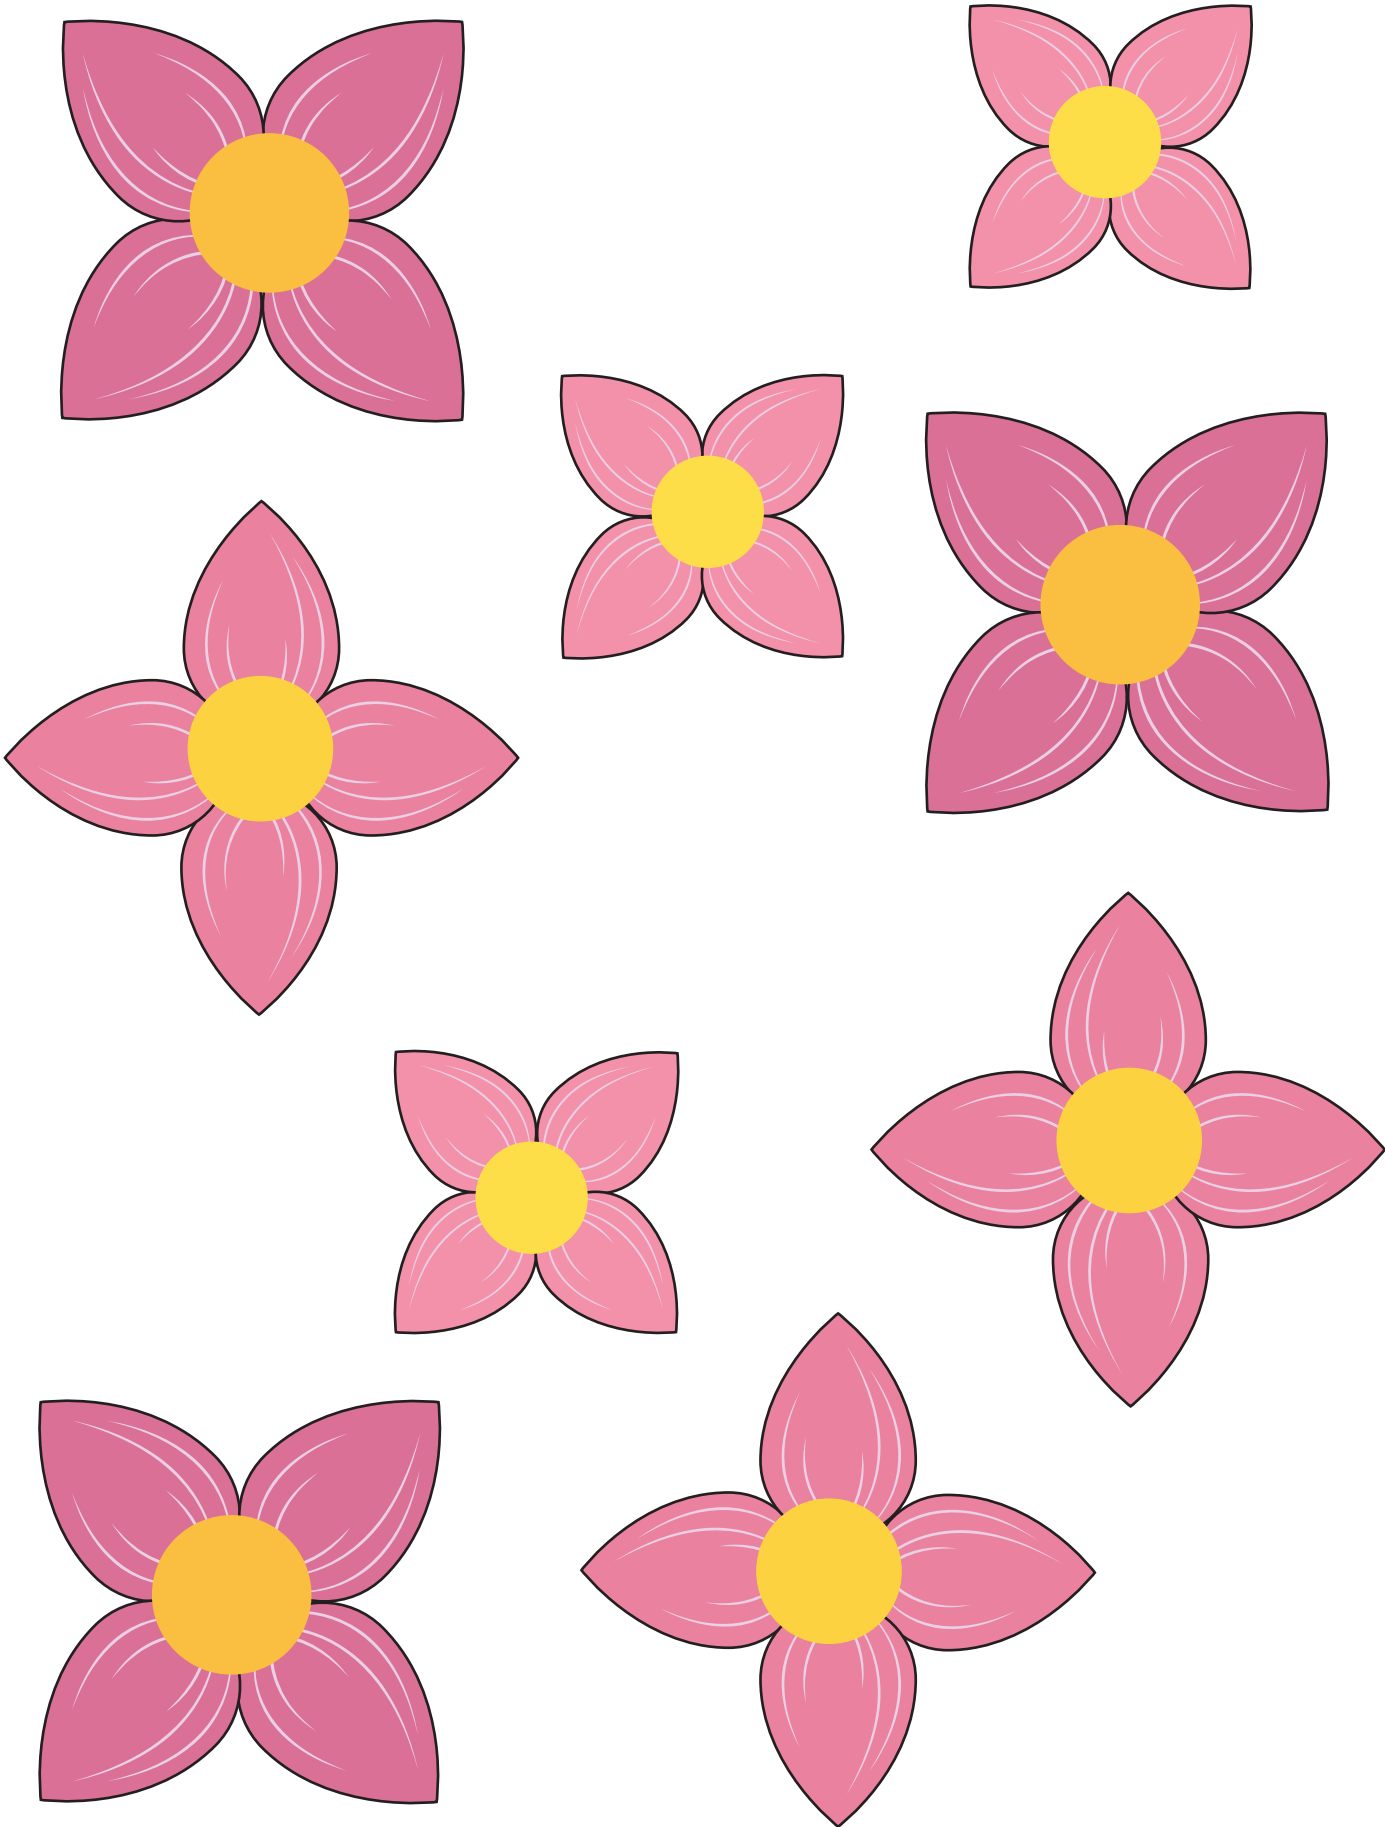

9. Now you have a bouncy frog. Repeat to make another frog, and glue the frogs to the chart paper.
