

# Confusing Alphabets - Understanding the problem

3-4 years

Some letters look similar to other letters, and this can be confusing for a child. For example, 'b' and 'd' are mirror images of each other, and 'g' and 'q' have very similar formations. To solve such problems, we need to ensure that their directional skills are developed. And so knowing up, down, left and right are important. Mnemonics can also be used to help the child recall while writing. Mnemonics are a way to remember something by associating it with a picture or a word or a sentence. An example of a commonly known mnemonic is VIBGYOR, which is used to remember colours. If you can create an action, an image or a sentence that can capture your child's attention (for example, something rhyming or something funny) then your child should not have any trouble recalling the information.

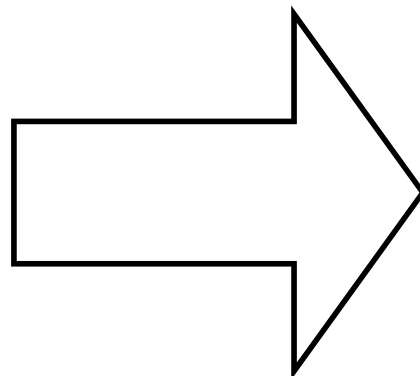

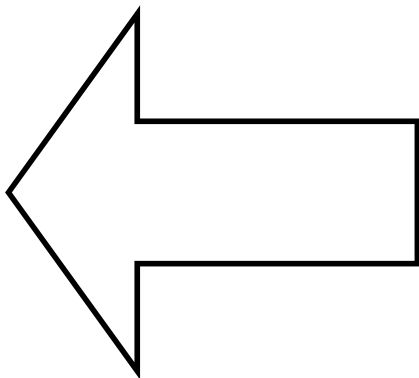

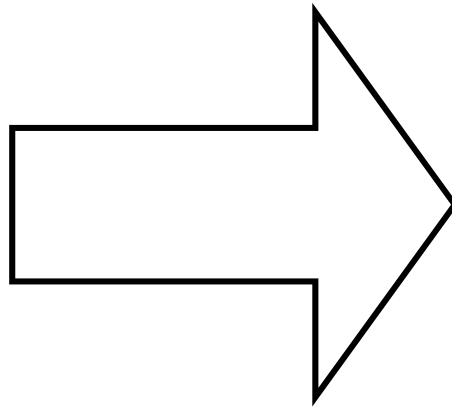

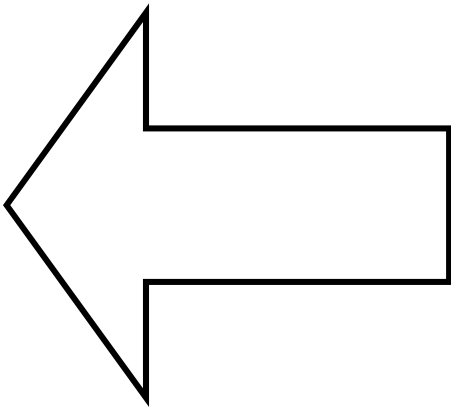

# Confusing Alphabets - Recap Sheet

3-4 years

Help Jaggu colour the arrow that is pointing left in green, and the arrow that is pointing right in blue.

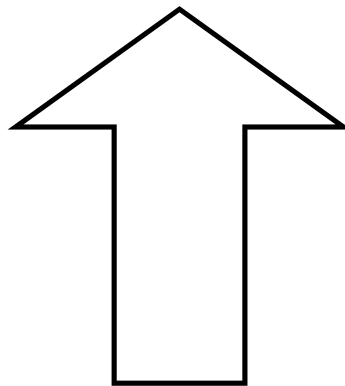

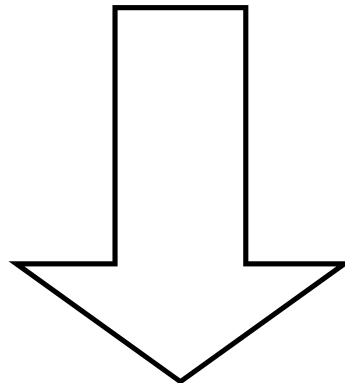

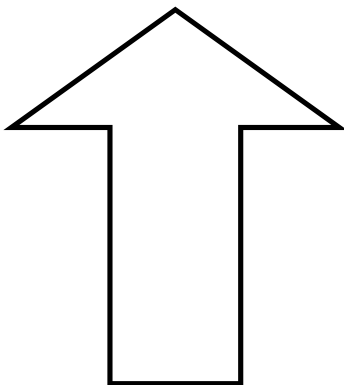

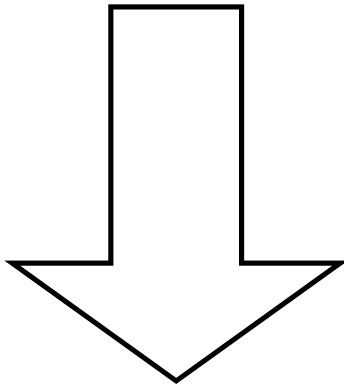

# Confusing Alphabets - Recap Sheet

3-4 years

Help Jaggu colour the arrow that is pointing up in green, and the arrow that is pointing down in yellow.

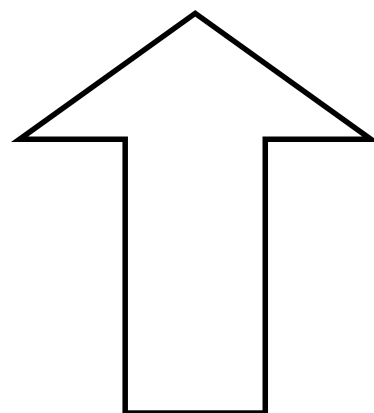

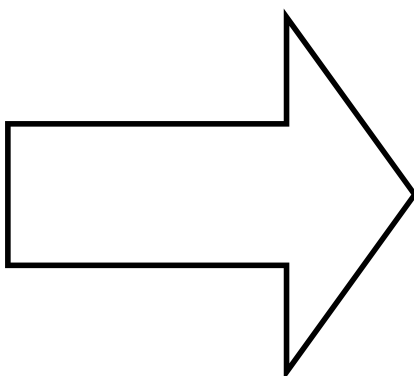

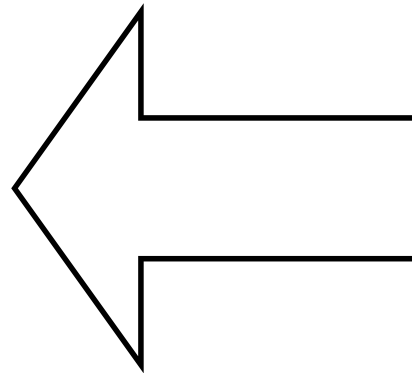

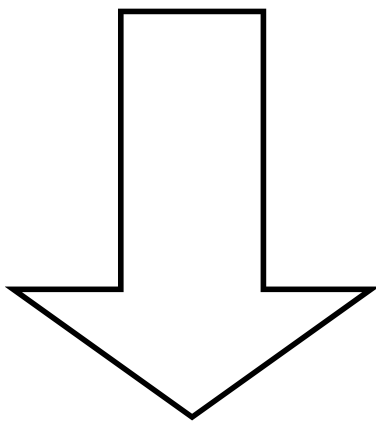

# Confusing Alphabets - Recap Sheet

3-4 years

Help Jaggu colour the arrow that is pointing left in blue, the arrow that is pointing right in yellow, the arrow that is pointing up in red and the arrow that is pointing down in green.

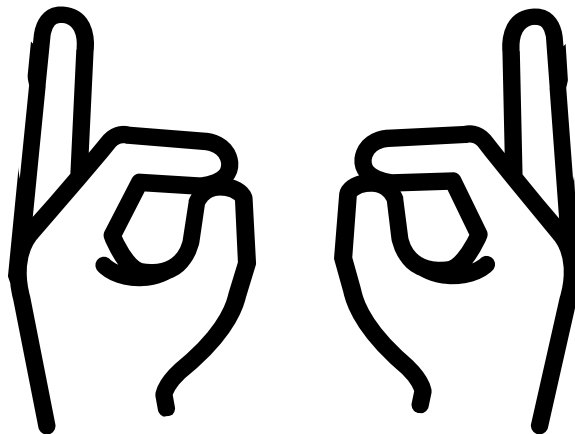

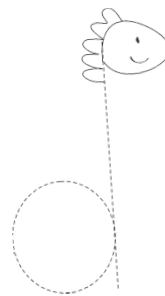

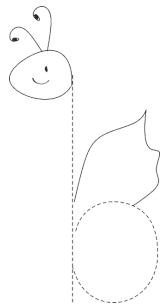

# Confusing Alphabets - Resolution Sheet

3-4 years

Did you know our hands can make b and d? Remember this, when I see from my left eye, I see a b-butterfly and when I see from my right I see a d-dinosaur. Can you help Dholu colour the hands?

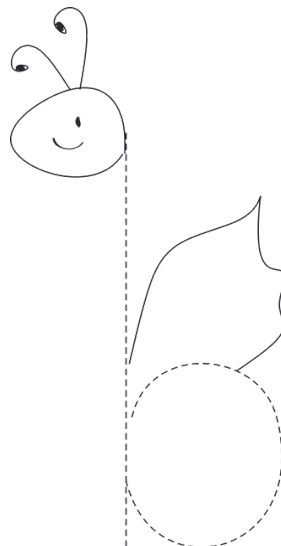

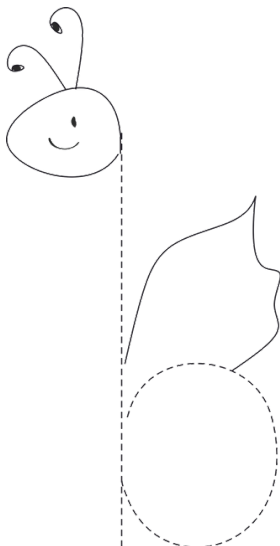

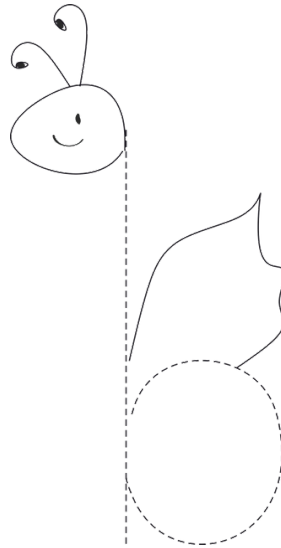

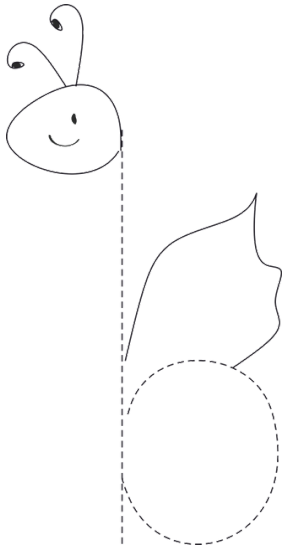

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace over the 'b' with yellow. Colour the rest of the butterfly blue.

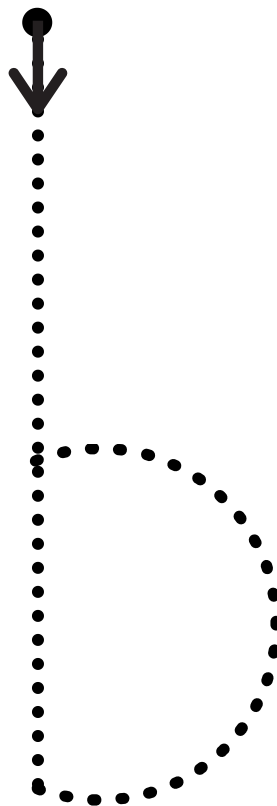

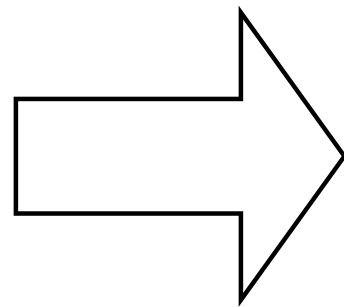

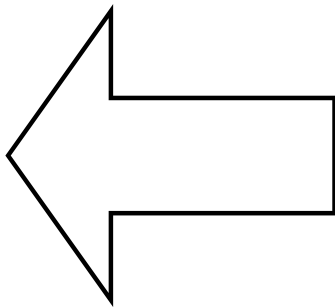

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace the letter b starting from the arrow. Note the side towards which the standing line/stick of the letter has been made. Colour the left arrow, towards which the standing line has been made, blue.

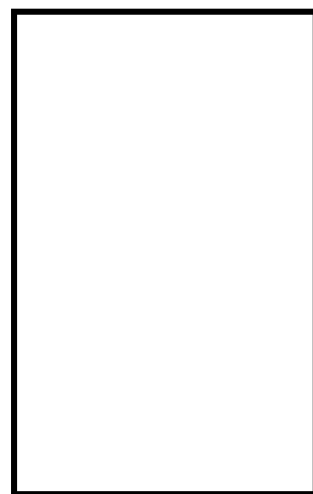

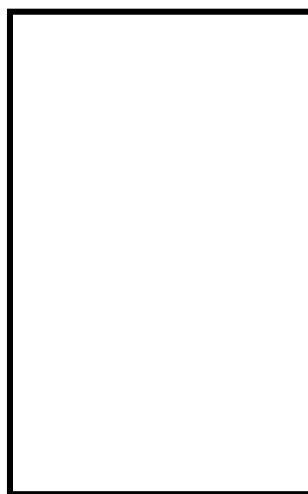

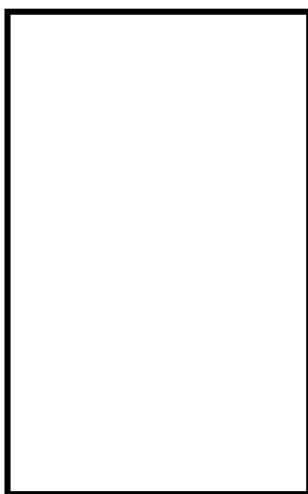

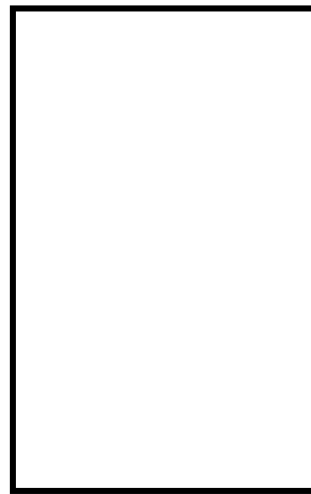

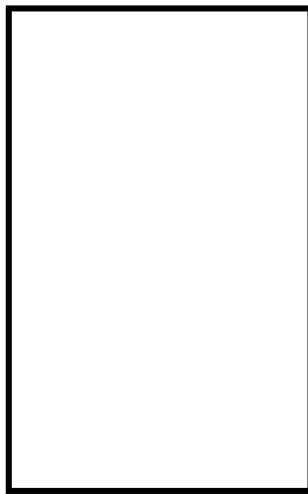

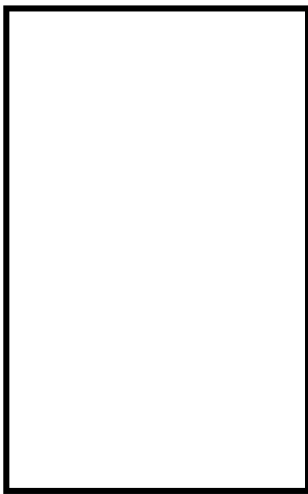

# Confusing Alphabets - Practise Sheet

3-4 years

Can you help Raju write the letter b?

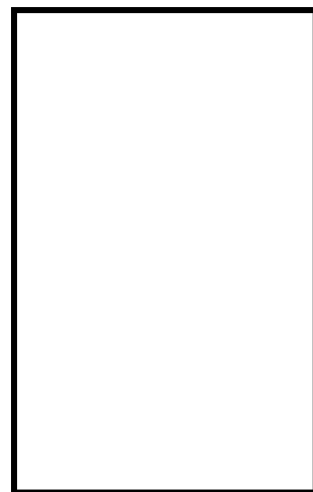

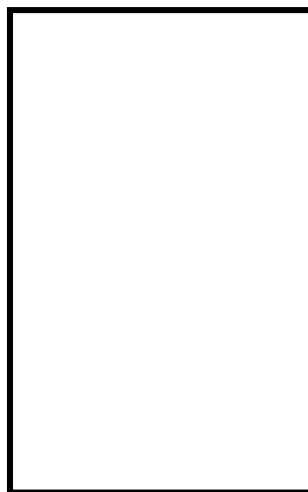

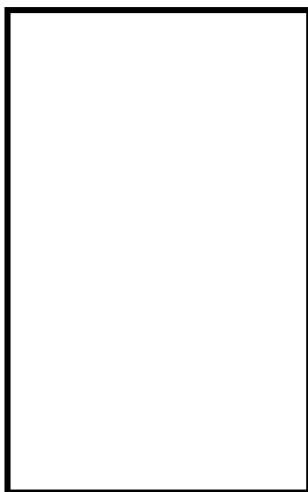

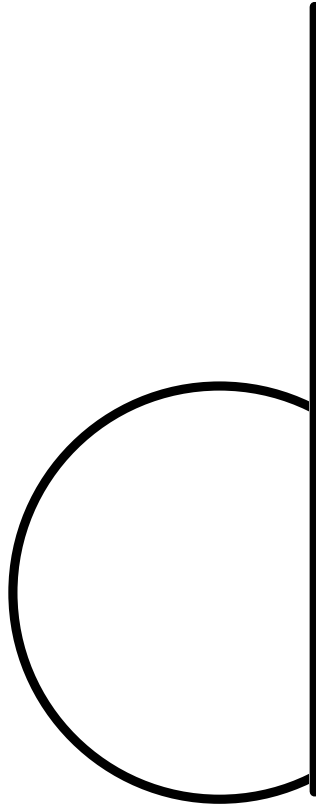

# Confusing Alphabets - Practise Sheet

3-4 years

Letter b has been written incorrectly. Help Chutki write it correctly.

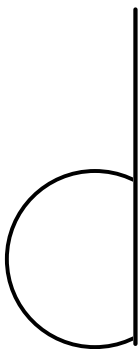

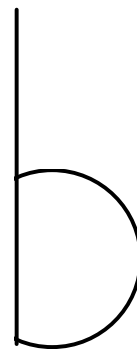

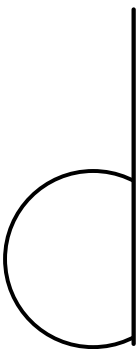

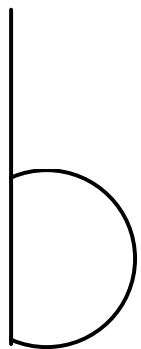

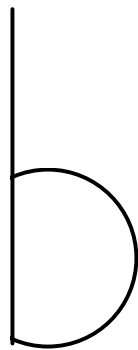

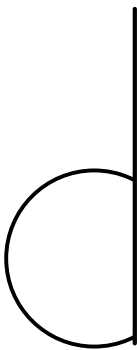

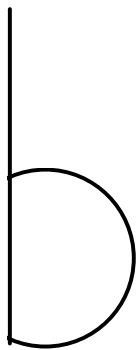

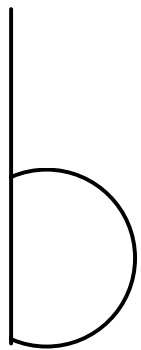

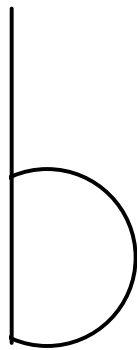

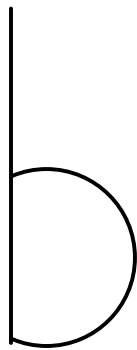

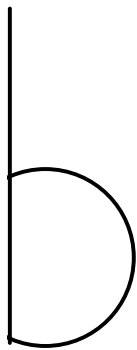

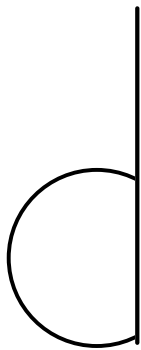

# Confusing Alphabets - Practise Sheet

3-4 years

Some letter b's are written incorrectly. Help Raju find them and cross them out.

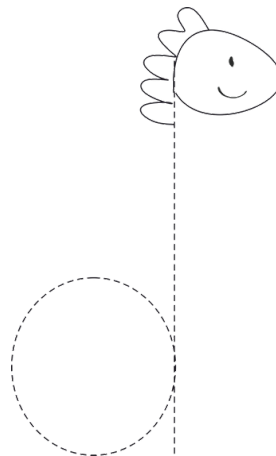

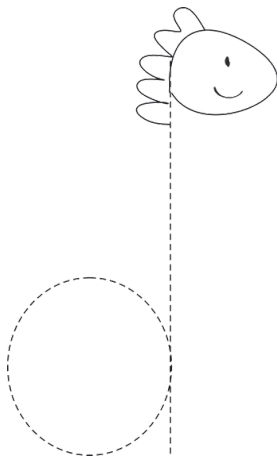

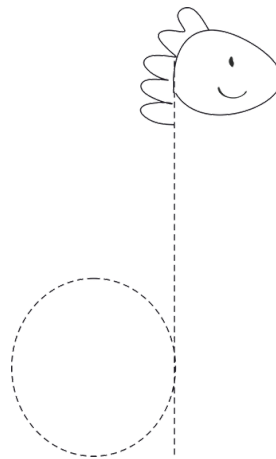

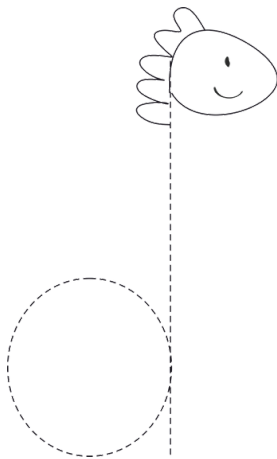

# Confusing Alphabets - Resolution Sheet

3-4 years

Letter d has become a dinosaur! Trace over the 'd' with yellow.  
Colour the rest of the dinosaur green.

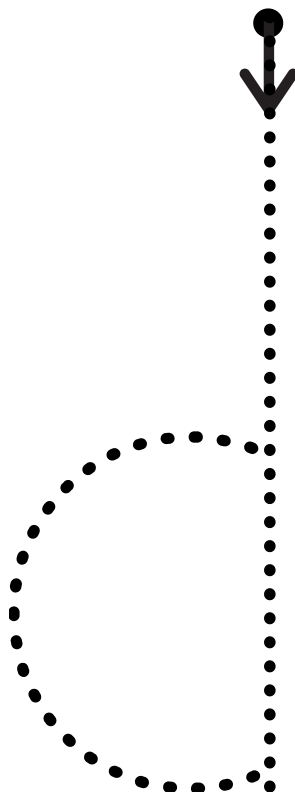

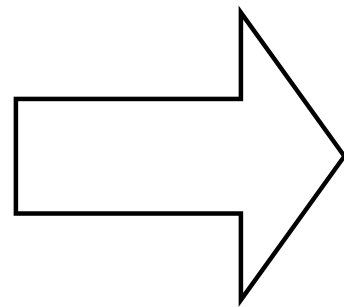

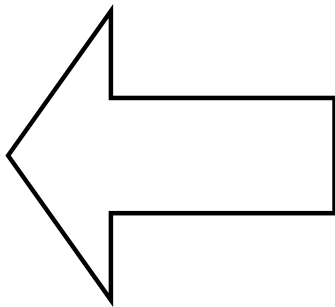

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace the letter d starting from the arrow. Note the side towards which the standing line/stick of the letter has been made. Colour the right arrow, towards which the standing line has been made, blue.

# Confusing Alphabets - Practise Sheet

3-4 years

Can you help Raju write the letter d?

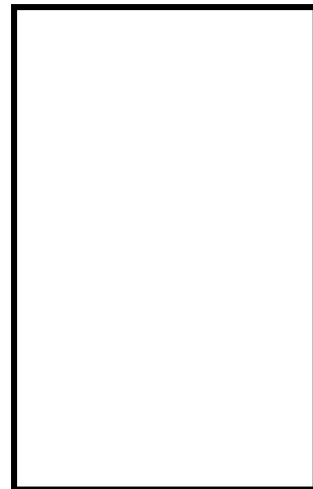

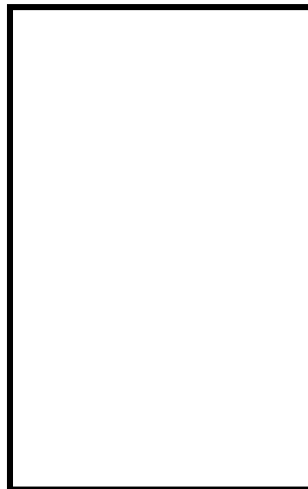

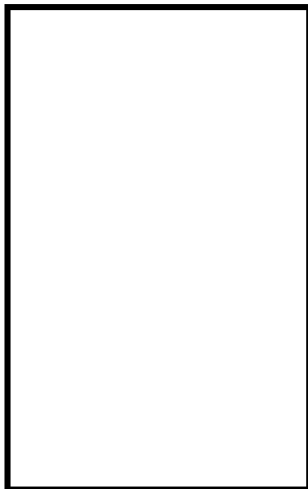

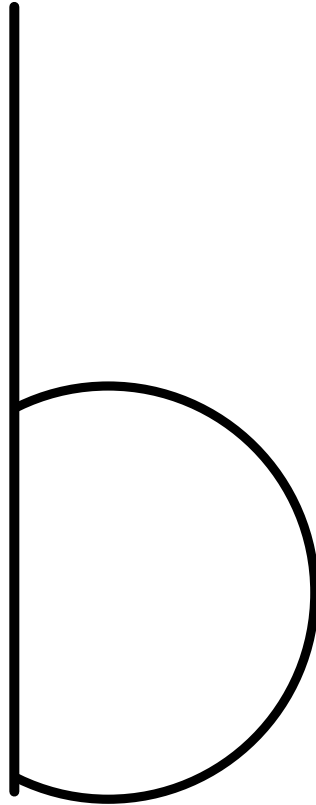

# Confusing Alphabets - Practise Sheet

3-4 years

Letter d has been written incorrectly. Help Chutki write it correctly.

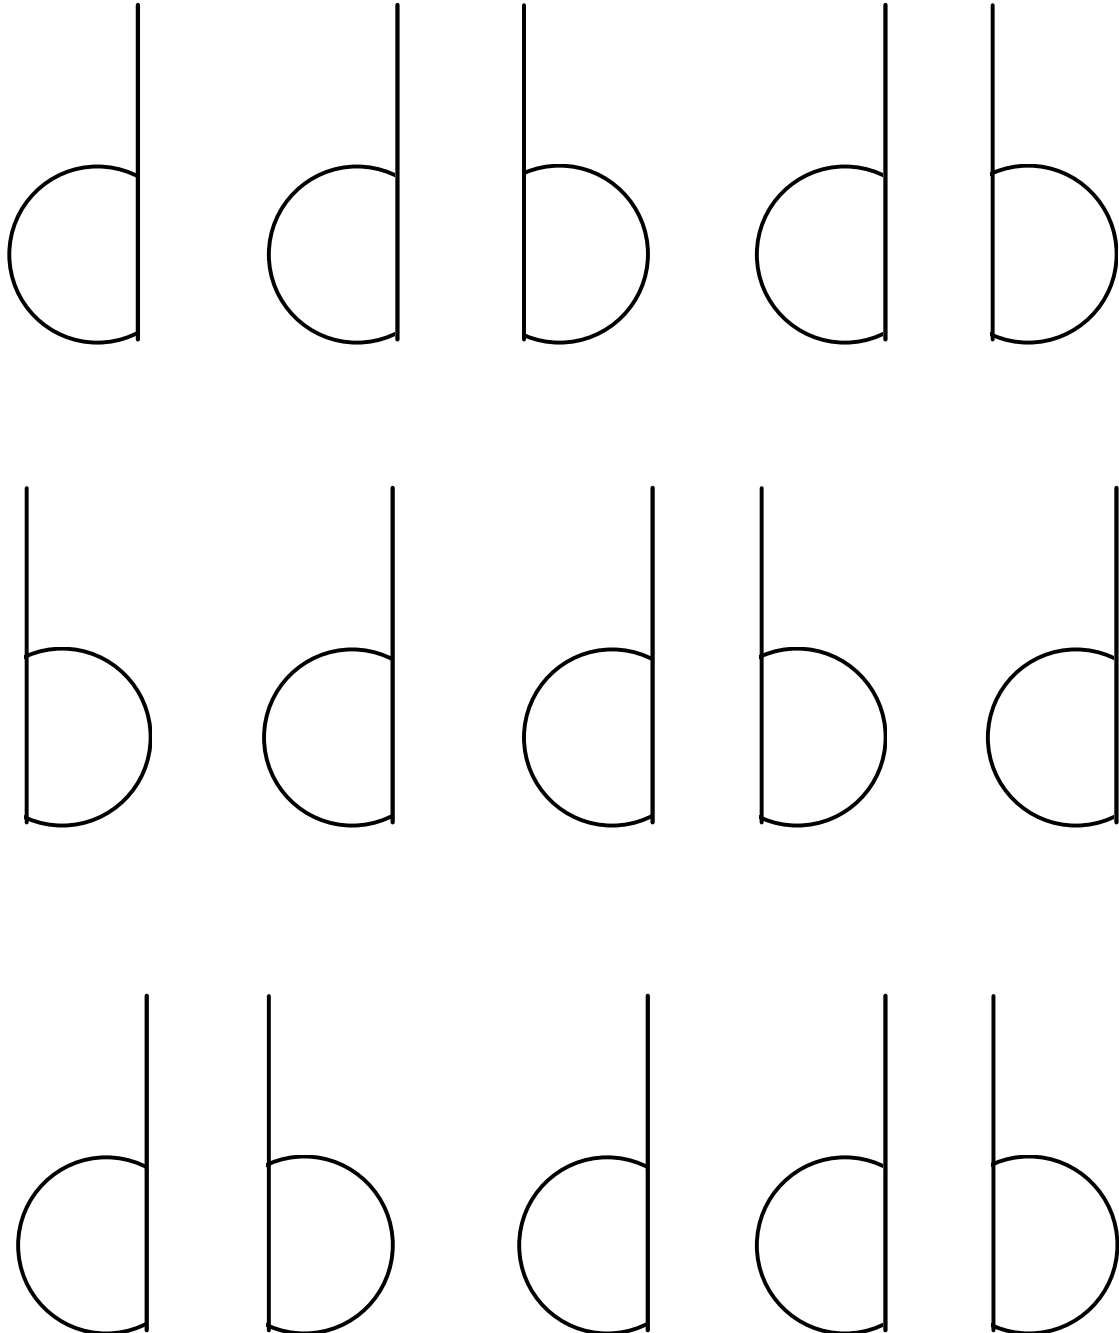

# Confusing Alphabets - Practise Sheet

3-4 years

Some d's are written incorrectly. Help Raju find them and cross them out.

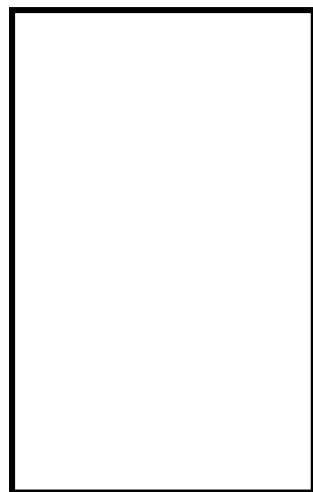

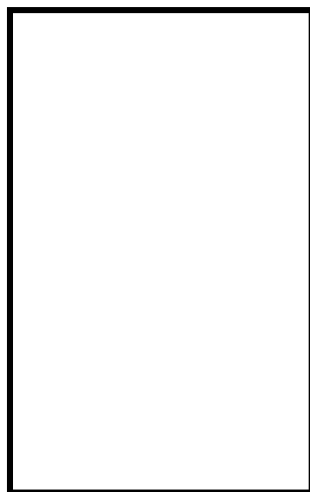

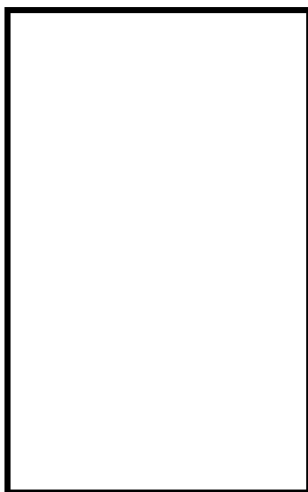

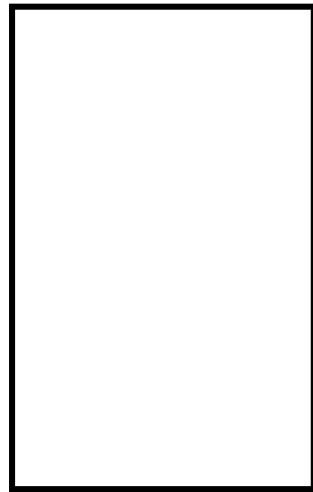

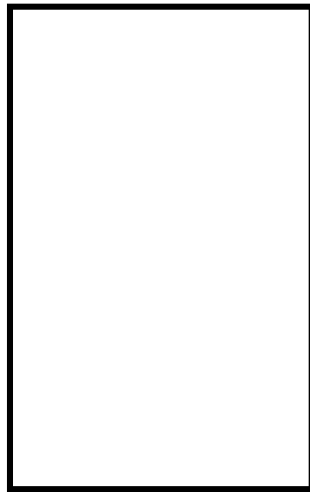

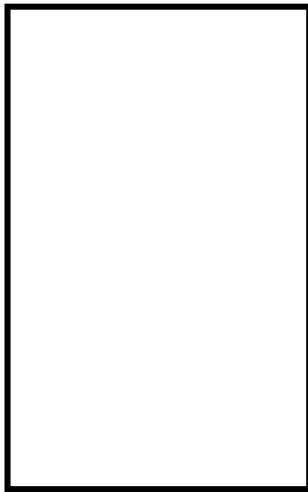

# Confusing Alphabets - Practise Sheet

3-4 years

Help Jaggu write the letter b and d. Look at the arrow while writing.

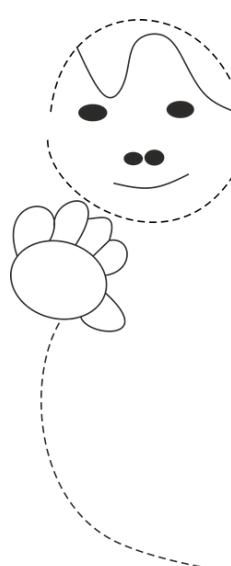

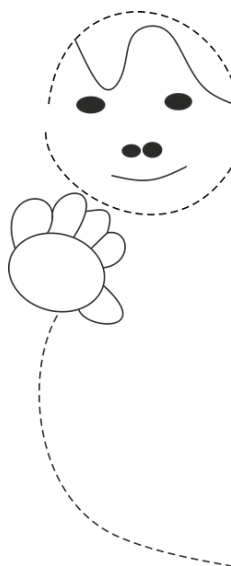

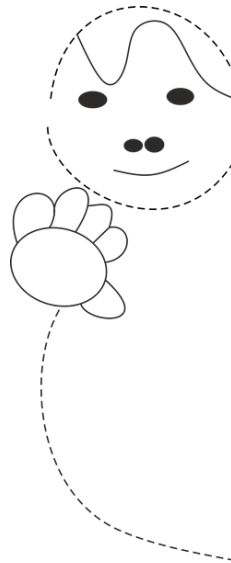

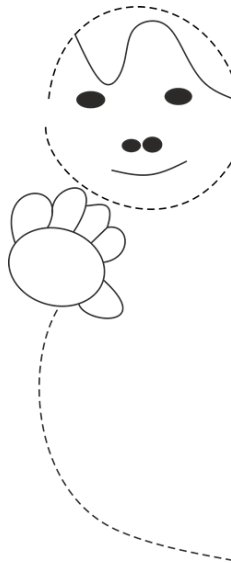

# Confusing Alphabets - Resolution Sheet

3-4 years

Letter g has become a gorilla. Trace over the 'g' with brown. Colour the rest of the gorilla with grey.

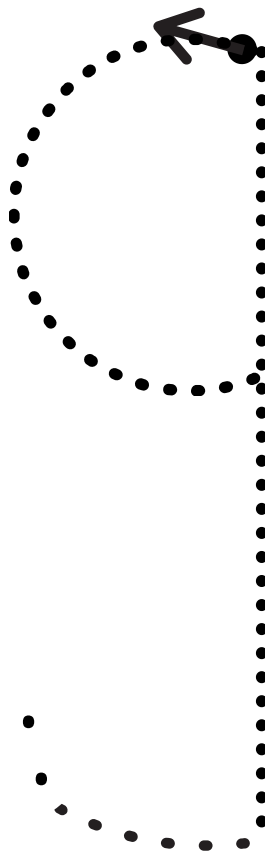

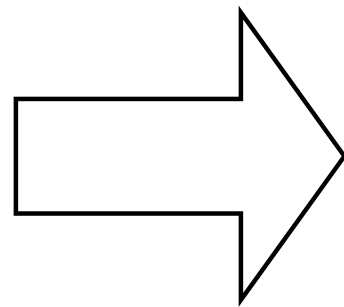

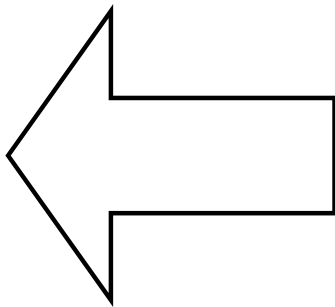

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace the letter g starting from the arrow. Note the side towards which the standing line/stick of the letter has been made. Colour the right arrow, towards which the standing line has been made, yellow.

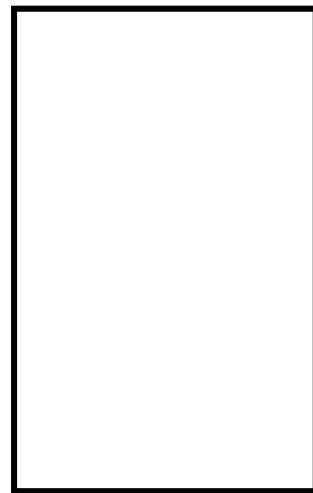

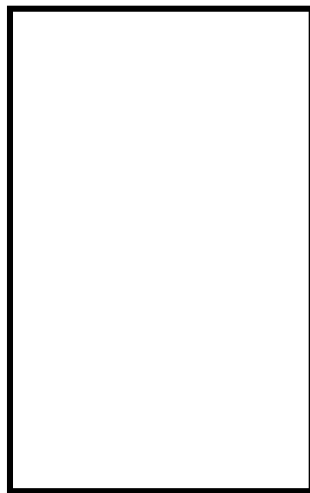

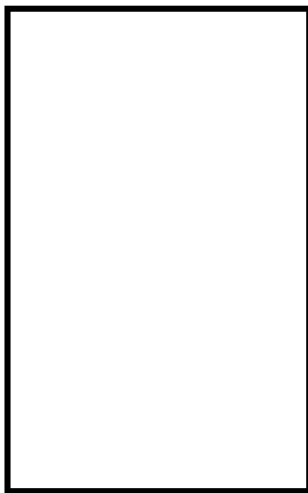

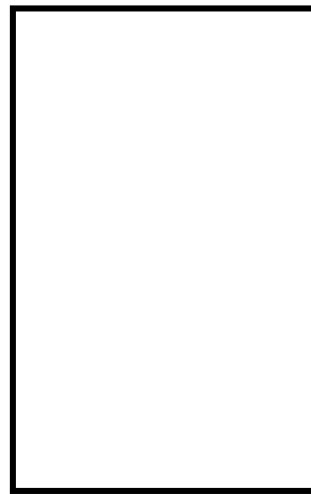

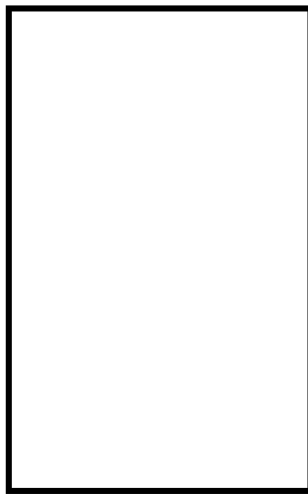

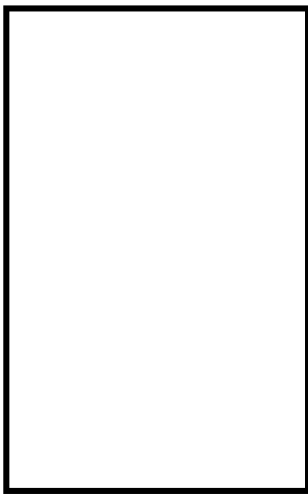

# Confusing Alphabets - Practise Sheet

3-4 years

Can you help Raju write the letter g?

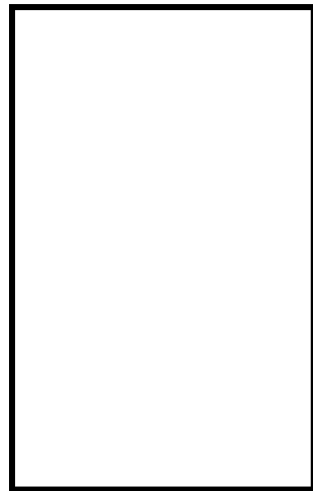

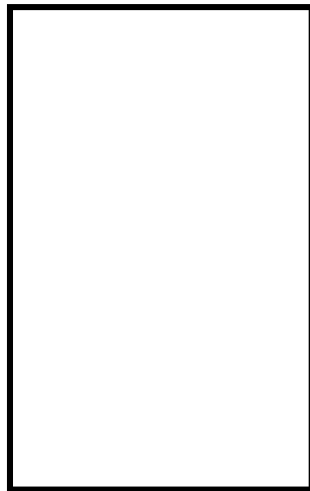

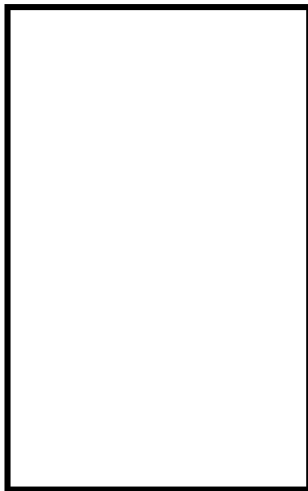

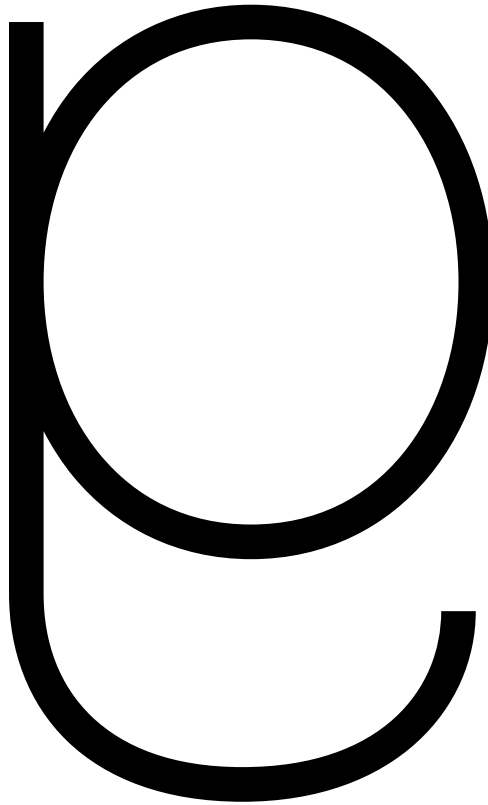

# Confusing Alphabets - Practise Sheet

3-4 years

Letter g has been written incorrectly. Help Chutki write it correctly.

# Confusing Alphabets - Practise Sheet

3-4 years

Some letter g's are written incorrectly. Help Raju find them and cross them out.

# Confusing Alphabets - Resolution Sheet

3-4 years

The letter p has become a parrot. Trace over the 'p' with green.  
Colour the rest of the parrot with yellow.

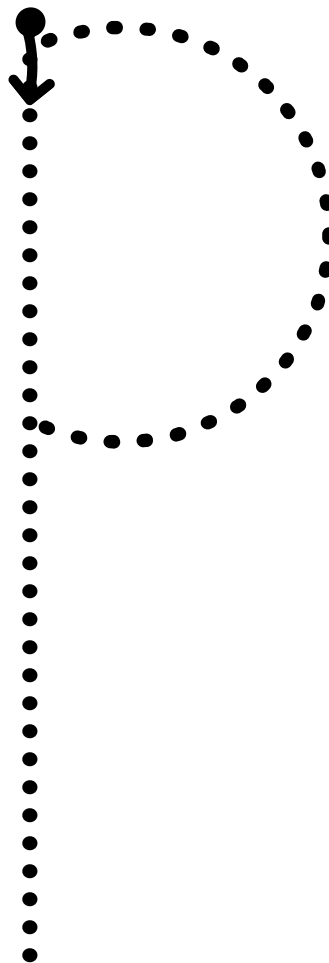

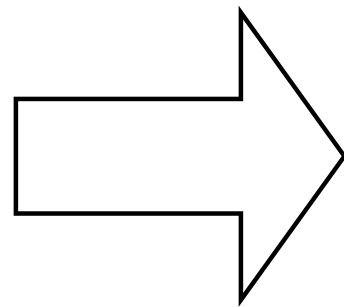

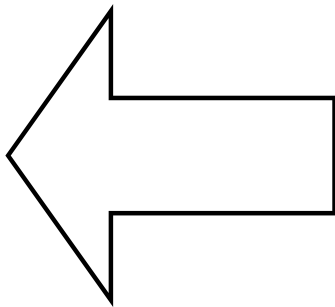

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace the letter p starting from the arrow. Note the side towards which the standing line/stick of the letter has been made. Colour the left arrow, towards which the standing line has been made, red.

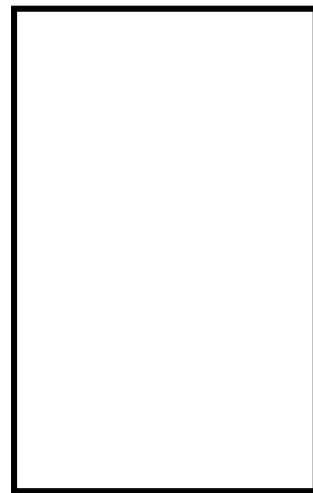

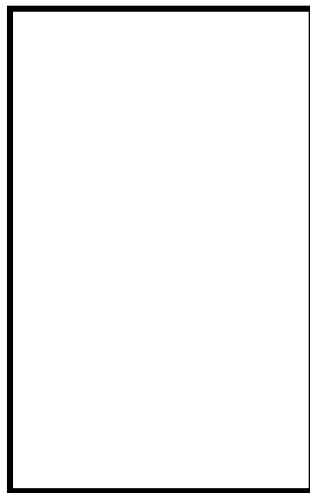

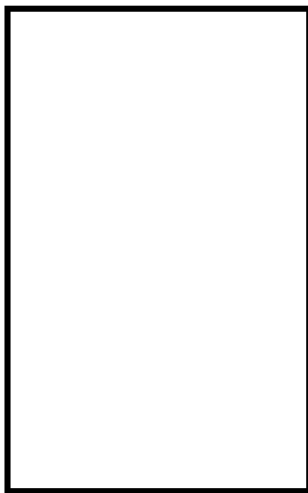

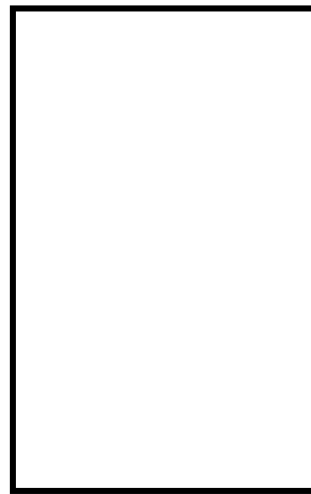

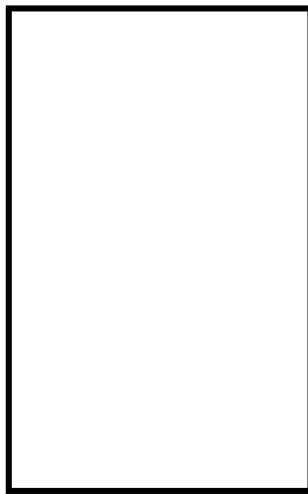

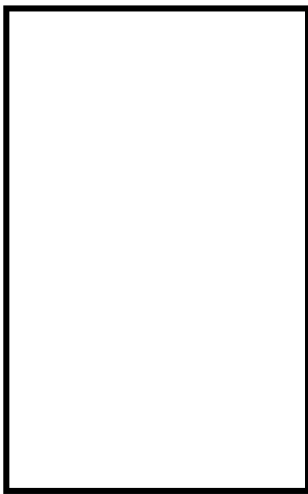

# Confusing Alphabets - Practise Sheet

3-4 years

Can you help Raju write the letter p?

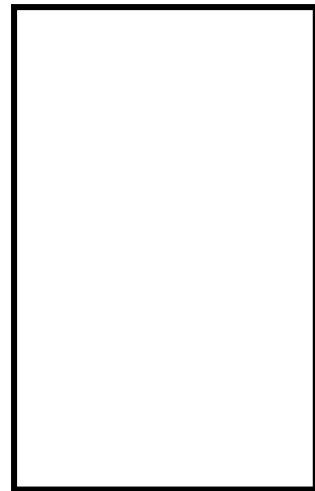

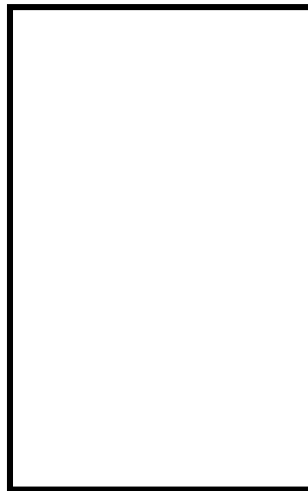

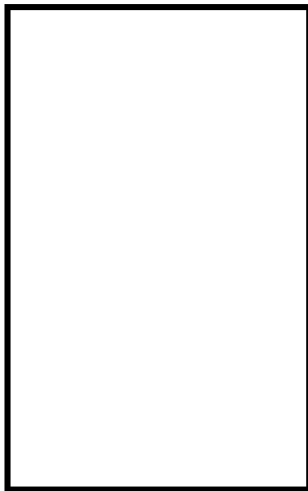

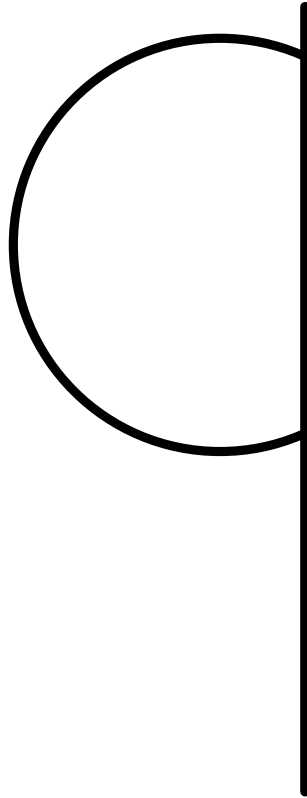

# Confusing Alphabets - Resolution Sheet

3-4 years

Letter p has been written incorrectly. Help Chutki write it correctly.

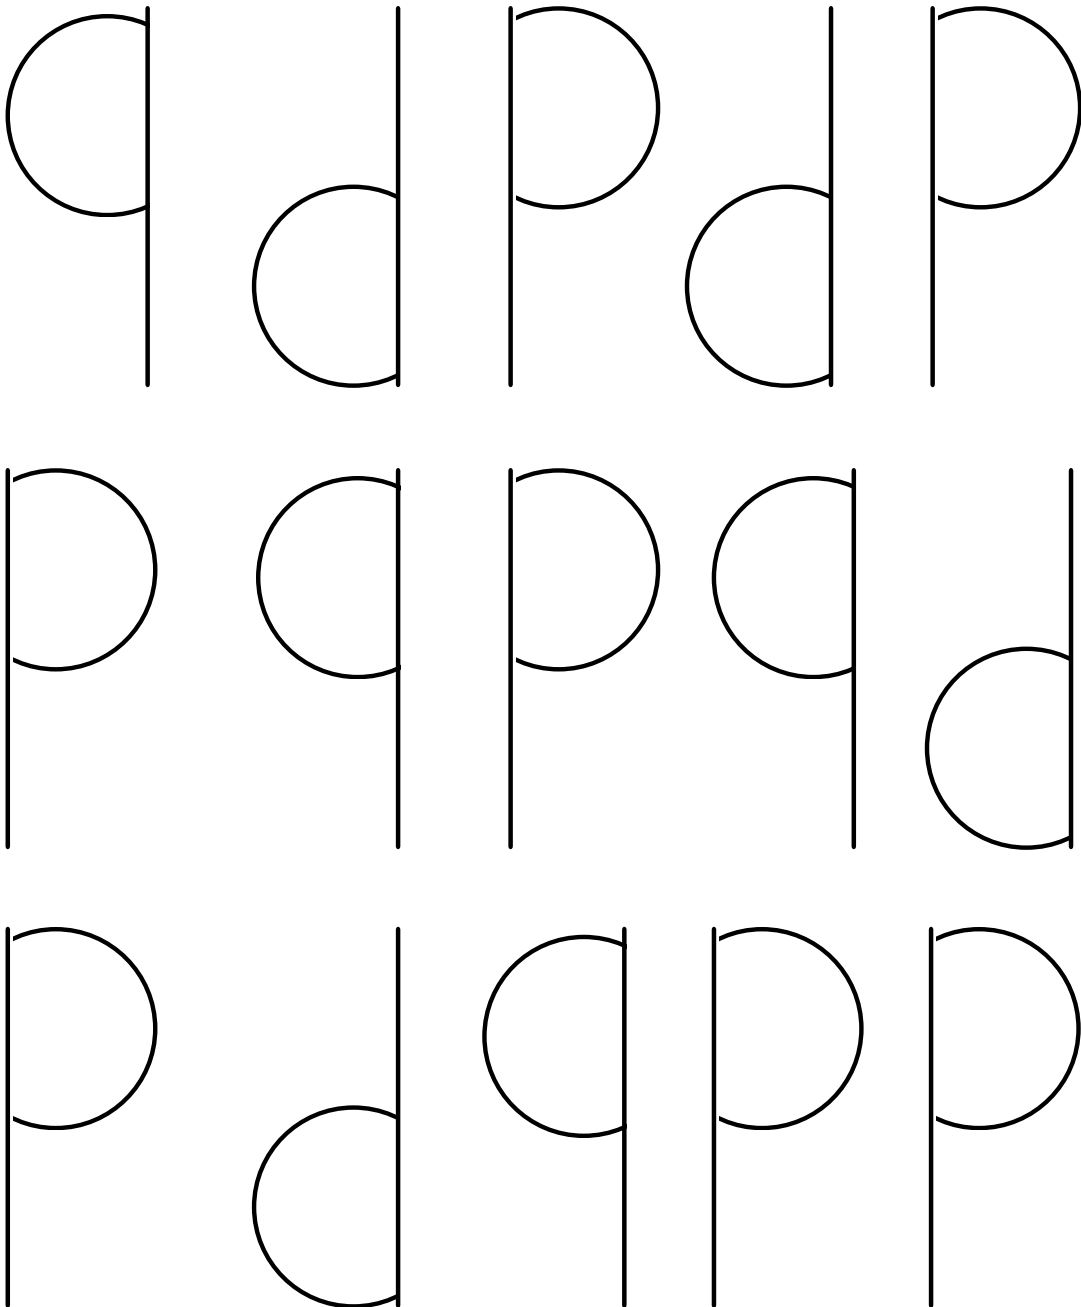

# Confusing Alphabets - Practise Sheet

3-4 years

Some p's are written incorrectly. Help Raju find them and cross them out.

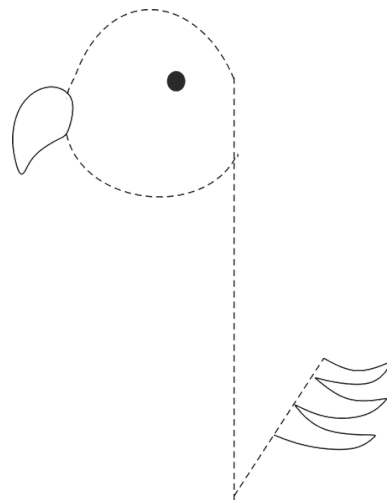

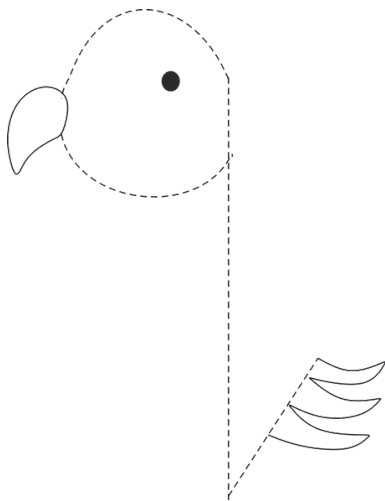

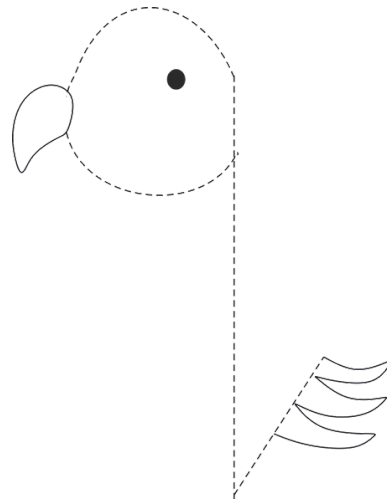

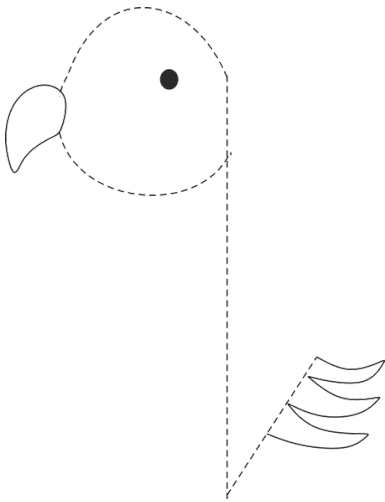

# Confusing Alphabets - Resolution Sheet

3-4 years

The letter 'q' has become a quail, flying to its home. Trace over the 'q' with yellow. Colour the rest of the quail with orange.

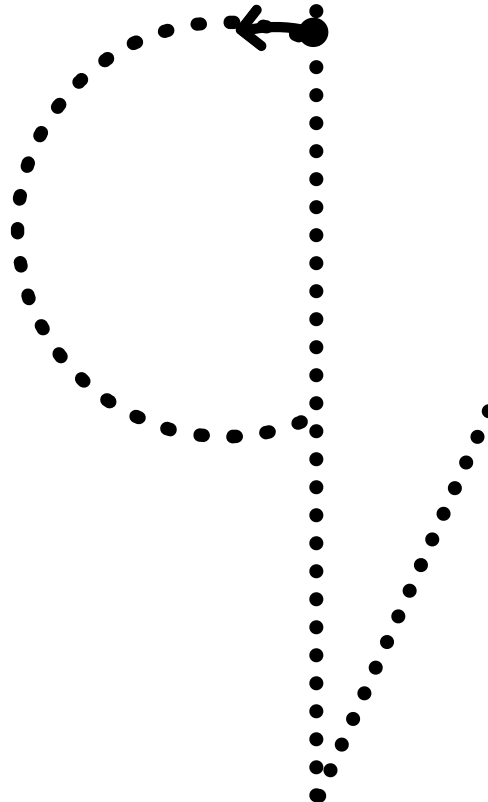

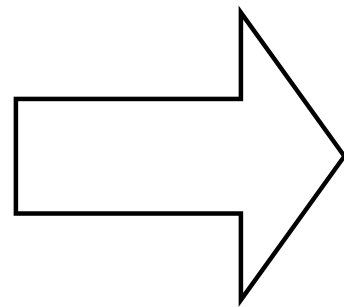

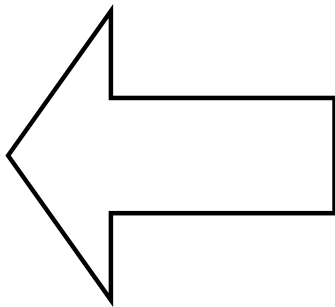

# Confusing Alphabets - Resolution Sheet

3-4 years

Trace the letter 'q' starting from the arrow. Note the side towards which the standing line/stick of the letter has been made. Colour the right arrow, towards which the standing line has been made, blue.

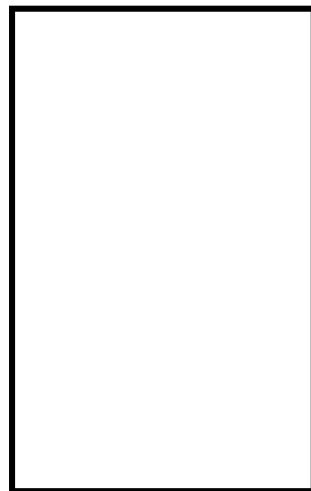

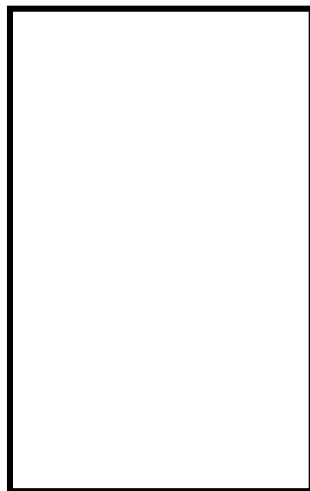

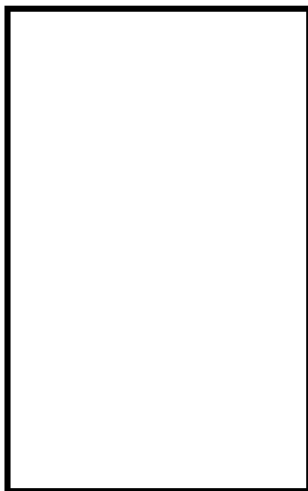

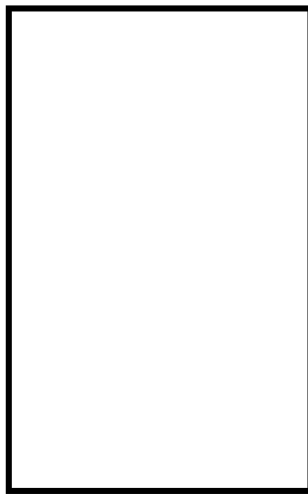

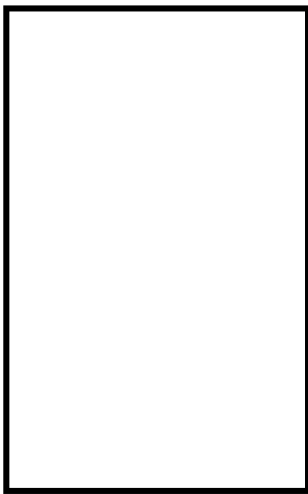

# Confusing Alphabets - Practise Sheet

3-4 years

Can you help Raju write the letter 'q'?

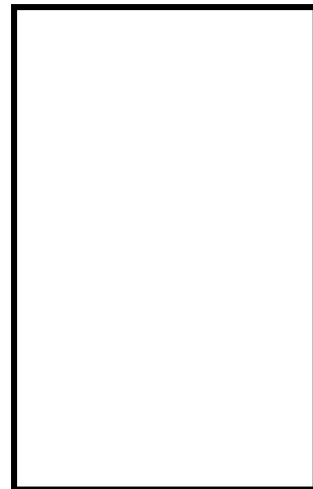

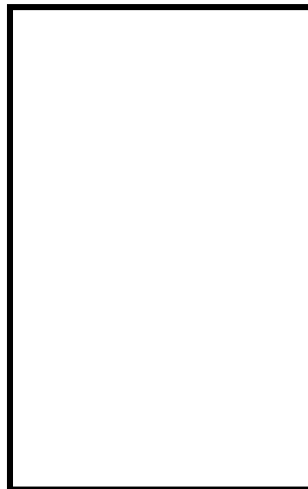

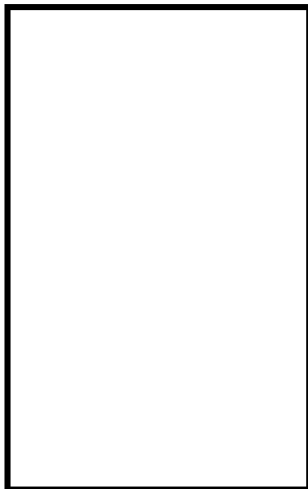

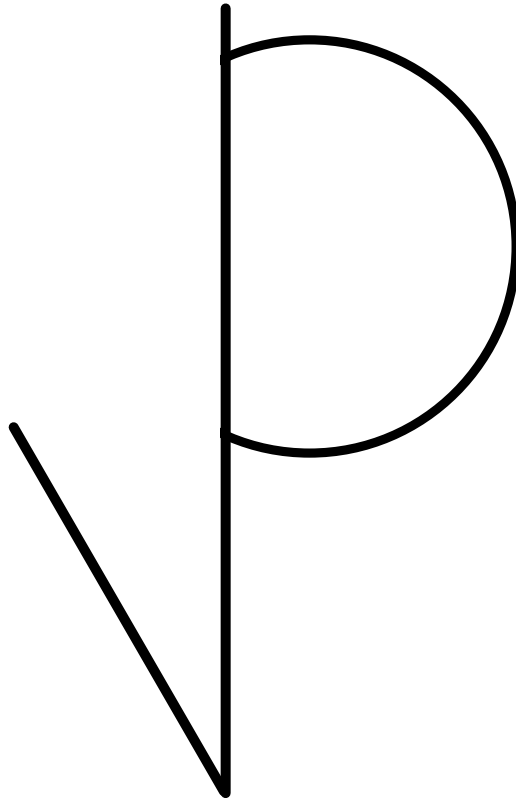

# Confusing Alphabets - Resolution Sheet

3-4 years

Letter 'q' has been written incorrectly. Help Chutki write it correctly.

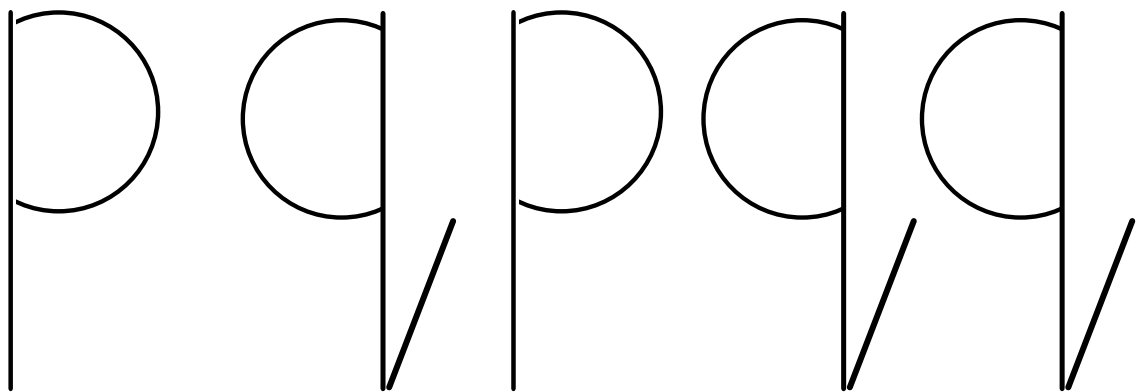

# Confusing Alphabets - Practise Sheet

3-4 years

Some q's are written incorrectly. Help Raju find them and cross them out.
