

Instructions:

-Colour the birthday cake in your favourite colours.

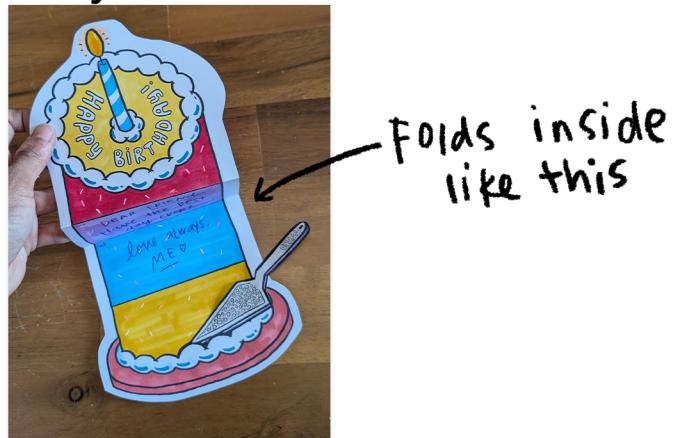

-Cut out the cake server and the cake along the black outline.

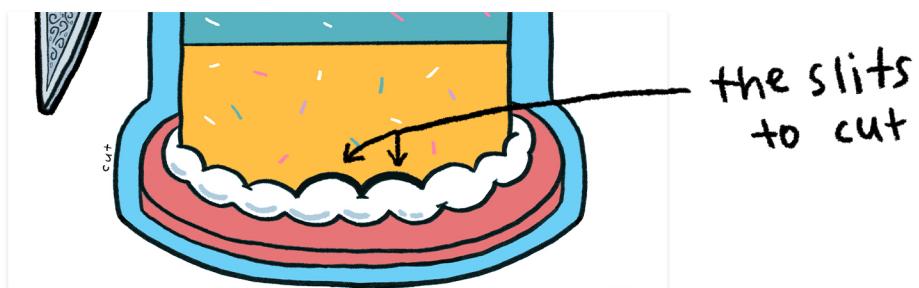

-Fold along the marked fold lines.

-Fold the top line to the third line so that the middle fold is tucked perfectly inside the two.

-Optional: Make a slit on the two thickest blobs of the icing. The cake server sits in there as a card closure. This can be left out if you please.

-Your card is ready to be given to someone special!
